28 July to 11 August
12-14 years

EXPERIENCE BOARDING SCHOOL LIFE IN A FAIRYTALE CASTLE

The exclusive International Summer Camp Schloss Neubeuern offers a small group of 32 girls and boys aged between 12 and 14 a unique opportunity to immerse themselves in boarding school life.

unique opportunity to immerse themselves in boarding school life. They experience an exciting daily routine of individual lessons, intensive project work and a varied leisure programme, guaranteeing variety and personal growth! Against the magically beautiful backdrop of a fairytale castle in the foothills of the Alps, your children can find out what boarding school life is all about. They are sure to be thrilled by the close contact with their peers, the international community and the resulting positive dynamic. Accommodated in wonderful double rooms and looked after by dedicated staff and former pupils of Schloss Neubeuern, they will have a unique experience that they will never forget.

LESSONS IN THE MORNING

In small groups of a maximum of eight pupils, four hours of lessons take place every morning in which individual support and challenges are provided. The lessons are strongly media-supported, project- and product-orientated. The pupils receive an iPad configured to their needs for their school work and thus experience what teaching in the 21st century can look like. The international participants are divided into two level groups in the DaF lessons. Life at the International Summer Camp is intended to mirror life at Schloss Neubeuern boarding school as closely as possible. For this reason, the participants also wear the Schloss Neubeuern school uniform and live according to the school and boarding school rules for a fortnight.

PROJECTS IN THE AFTERNOON

For the afternoon programme, camp participants can choose from a challenging and intensive project programme. As this programme is also product-oriented, the choice of project applies to both weeks (eight places are available in each project). There is a choice of:

- **Robotics, coding and more: The School of the Future**
- **Fashion and You – the fashion design project**
- **ACT! the theatre project**
- **Show me Your Food: The cookery tutorial project**
- **Hole-in-One: Golfing until you are ready to play**

On Wednesdays, there is a joint excursion to the surrounding area: this could be an exciting tour of the Confiserie Dengel, a visit to the Bavaria Film Studios or a historical tour of the Mozart city of Salzburg.

ADVENTURE AND SPORT IN THE EVENING

In the evenings, the programme is all about community. Whether it's a refreshing dip in Lake Neubeuern with stand-up paddling or an evening of go-karting, laser tag and camel riding - this is where you get to know and love the advantages of boarding school life. This also means overcoming boundaries and growing - abseiling from our 28 metre high castle tower is an absolute highlight of the camp. Adrenalin and excitement are pre-programmed here!

COMMUNITY AT THE WEEKEND

The weekend

In normal boarding school life, the boarding school weekend offers time for joint activities and intensive experiences in the community. For this reason, there is also a large joint excursion on the middle weekend of the summer camp. This begins after brunch on Saturday morning with an exciting rafting tour in the Tyrolean Achen. We then get to know the Chiemgau Alps better and hike up the Heuberg to the castle's own hunting lodge. As well as relaxing with a tasty BBQ, there is also the opportunity to do some archery, play darts and explore the beautiful surroundings.

FEEDBACKCULTURE

The Summer Camp Show

On the last Saturday afternoon, the camp show takes place, where the participants can show their parents (and the adults) what they have learnt and experienced. The entire programme is planned in a product-oriented way and there will certainly be a lot to see (and hear).

to see (and hear) - not just from the theatre and fashion design project. If desired, parents can take their children home after the camp show, otherwise they will leave after brunch on Sunday.
